Written Testimony

Dear House Committee,

I am writing today to oppose passage of SB 16 and HB 5416. In my view Connecticut currently has some of the most detailed gun laws in the country. The current laws are more than suitable to provide discrete processes to safeguard community safety and in balance provide for the citizens of Connecticut the critical access to self-protection. I oppose passage of HB 5416 and SB 16 as they will not provide any notable assurance of public safety and create barriers to my right to self-protection. Please consider voting no on HB5416 and SB16.

Best Wishes,
Joseph J. Carr
Stonington CT
